Your responsibilities

You must operate, maintain and care for your Toyota properly, in accordance with the instructions in your vehicle's Owner's Manual and Warranty and Service Book.

The best way to maintain your vehicle is through a Toyota Dealer. By having your Toyota vehicle maintained at a Toyota Dealer, you'll be in safe hands knowing that your vehicle is being serviced by experts and will always be fitted with Toyota Genuine Parts. Doing so keeps your Toyota in the very best condition.

To make a claim under the Toyota Warranty Advantage, contact an authorised Toyota Dealer. If your name or address has changed or you are the new owner of this Toyota, please visit the Toyota Owner's Portal: www.toyota.com.au/recalls-update-my-details or contact Toyota to update the information for your vehicle.

If for some reason the odometer is changed, please have your Toyota Authorised Service Centre verify the date of the change and kilometres travelled on the form located at the back of your vehicle's Warranty and Service Book.

Expenses associated with claims under the Toyota Warranty Advantage

In most cases, there will be no charge to you for expenses associated with making a claim under the Toyota Warranty Advantage. If there are circumstances that mean you may need to pay a charge, the charge will be discussed with you in advance.

Notes:

- 1 Toyota Warranty Advantage period begins on the day the Vehicle is registered by the Dealer and customer takes delivery of the Vehicle. If the Vehicle is an ex-demonstrator vehicle, the Toyota Warranty Advantage period commences when the vehicle is registered by the Dealer and put into service as a demonstrator vehicle. A customer is entitled to the balance of the Toyota Warranty Advantage period (except in Western Australia). In Western Australia, the warranty period begins from the purchase date, but kilometres are counted from when the vehicle is put into service as a demonstrator vehicle. The 60-day money back guarantee begins on delivery of the vehicle to a customer, including for an ex-demonstrator.
- 2 Dealers will review any claims made outside of the applicable Toyota Warranty Advantage period in conjunction with Toyota Australia.
- 3 All Toyota genuine parts/accessories purchased and fitted to a Toyota vehicle by a Toyota Dealer are warranted for the remainder of the Toyota Warranty Advantage period (unlimited kilometres) or for 2 years (unlimited kilometres) from installation, whichever is greater. Toyota genuine parts/accessories purchased from an authorised Toyota Dealer over the counter and not fitted by an authorised Toyota Dealer, carry a Toyota Warranty Advantage period of 2 years/unlimited kilometres (excludes labour and oils/fluids).
- 4 If a Vehicle has broken down due to a failure covered by the Toyota Warranty Advantage, towing to the nearest Toyota Authorised Service Centre and a loan car is covered by the Toyota Warranty Advantage. If after investigation, Toyota reasonably considers the failure is not covered by the Toyota Warranty Advantage, Toyota or Dealer may seek reimbursement of these towing and loan vehicle charges (as the case may be).

- 5a The Traction Battery coverage period is comprised of the standard 5 year, unlimited kms Toyota Warranty Advantage period and extended each year for an additional 5 years with an annual Traction Battery Health Check in accordance with Toyota specifications provided that operation, charging and maintenance complies with Toyota EV Operating Instructions, except for Traction Battery Capacity Degradation issues which are subject to a separate warranty [see note 5b].

The traction battery warranty replacement may not restore the vehicle to "as new" condition, however when replacing a traction battery, Toyota Motor Corporation Australia will ensure that the energy capacity of the replacement traction battery is at least equal to that of the original traction battery before the failure occurred while taking into consideration other factors, including the age and mileage of the vehicle.

The measurement method used to determine traction battery capacity, and the decision of whether to repair, replace, or provide reconditioned or re-manufactured parts, and the condition of any such replaced, reconditioned or remanufactured parts, are at the sole discretion of Toyota Motor Corporation Australia.

Exclusions:

Commercial Use Vehicles are subject to a km limit of 160,000 km. The Auxiliary Battery (12 volt), which is covered separately and Issues related to Traction Battery Capacity Degradation which are covered separately [see note 5b following].

- 5b For Electric Vehicles only, the following Traction Battery Capacity Degradation coverage applies.

For the warranty period of 8 years or 160,000 km (whichever occurs first), we will repair or replace your traction battery if the energy storage capacity falls below 70% of the original traction battery capacity, provided regular Health Checks in the maintenance program are executed according to Toyota specifications, and operation, charging and maintenance complies with Toyota EV Operating Instructions contained within the vehicle Owner's Manual. The measurement, repair and replacement methods used to determine traction battery capacity are at the sole discretion of Toyota Motor Corporation Australia. Note that the driving range estimates are an imperfect measure of traction battery capacity as it is affected by additional factors separate from traction battery capacity. Therefore, the driving range in your vehicle's display monitor doesn't show the capacity reduction condition.
